DECLARATION OF GERALD
ARMSTRONG IN OPPOSITION
TO MOTION TO EXCLUDE
EXPERT TESTIMONY

24 AND RELATED COUNTER CLAIM

25 I, GERALD ARMSTRONG, declare:

26 1. I was a Scientologist from 1969 to 1981 and held many
27 organizational positions during that period. I was also the
28 defendant in an action entitled Church of Scientology vs.
29 Armstrong, in Los Angeles Superior Court. Judge Breckenridge's
30 opinion in that case was affirmed by the California Court of Appeal
31 on July 29, 1991.

32 2. Throughout 1980 and 1981 I was L. Ron Hubbard's
33 biographical researcher and archivist. During that period I read

1 and studied his letter dated September 7, 1955 to the Federal
2 Bureau of Investigation and I provided a copy of it to writer, Omar
3 V. Garrison for his use in a biography of Hubbard. A true and
4 correct copy thereof is attached hereto as Exhibit 1.

5 3. While I was a Scientologist I read and studied L. Ron
6 Hubbard's Technical Bulletin of July 22, 1956. It was published in
7 the 1970's in bound volumes of Hubbard's "technical" writings and
8 has continued to be published in later volumes up to the present
9 time. A true and correct copy is attached hereto as Exhibit 2.

10 Under penalty of perjury, pursuant to the laws of the United
11 States I hereby declare that the foregoing is true and correct.
12 Executed this 26th day of August, 1991, at San Anselmo, California.

RON HUBBARD, D.I. PH.

51

Box 242
Silver Spring, Md.
Sept. 7, 1955

TO THE FEDERAL BUREAU OF INVESTIGATION
Communist Activities

Gentlemen:

2.1 on 11.1.1.1

A series of sudden insanities and disturbances in Dianetic and Scientology groups reached seven last week on the West Coast.

In Atomic Energy's Richland, Washington a young boy who had never been treated with Dianetics or Scientology but whose father Verne McAdams is the local Scientology group leader in Richland suddenly and mysteriously became insane, so suddenly and so thoroughly that the head of the institution for insane in Richland, evidently of good security, suspects the use of LSD; the insanity producing drug so favored by the APA. Two of our ministers in that area at my request went further into the situation and by means we will not detail recovered from the boy information of which his family had been entirely ignorant. On instructions to find the "other psychiatrist" our ministers by this means located an unsuspected one in Atomic Energy's front yard, a man who had been the construction company doctor during the building of Richland and who had then turned psychiatrist and whose name strangely enough is Menkowski (sp?). The boy had evidently had some association with this man before this sudden onset.

00-79

With this information not yet cool long distance from San Francisco Bay Area notified us of the sudden and inexplicable descent into insanity of one Wanda Collins. She is ravingly insane and yet was completely sane a day ago. Her people and our people cannot account for a missing nine hour period just before this onset. You should be interested in this because Wanda Collins resigned from the Communist Party some time ago, foreswore it and tried to make amends with Scientology and would be a logical candidate for an LSD attack.

our Mr. Edd Clark was suddenly arrested "for practising medicine without a license", and this is very odd because he is the first Dianeticist or Scientologist in five years of world wide operation to be so accused. He could not have been practising medicine because Dianetics and Scientology seek only to assist able people to improve their talents and have no interest in sickness or insanity. He was arrested and without any search warrant all his papers and letters were seized even down to blank typewriter paper and were carried away, a fact which places this matter quite solidly in the field of the F.B.I.. Mr. Clark is a half-blind deaf old man. He was once a chiropractor but has long since ceased to be one. He was told by the County Attorney that the County Attorney meant to "get to the bottom of this thing about Hubbard and Scientology."

The "bottom of the thing" can be found in "Who Knows and What" and "Who's Who in the East" in the local library or from bookstores which carry my books. My own life is about as hard to investigate as a white rock on a summer's day.

It is not uncommon in the past five years to have judges and attorneys mad-dogged at about what a terrible person I am and how foul is Scientology. Persons never named or available step in, spread violent tales and accusations and vanish. This mad-dogging has evidently been done at this County Attorney to prompt such a foolish action. This makes the third civil official in that area to go off half-cocked about Scientology. When it is all done and Scientology has been neatly ruined by the newspapers in the area and when all the charges have been quashed there is no one from whom any recompense can be drawn. "It was all a mistake"---

In 1950 the Dianetics Foundations were violently attacked and discredited. The 200 Foundation employees, when screened, yielded 35 Communist-connected persons. That done the commotion stopped. After three quiet years in the Phoenix area we forwarded to the Defense Department data on brain-washing. Instantly

134

we became the subject of violence. Four people were seized by psychiatrists in that area to date and to this day so far as I know are still being held, their sanity shattered.

After we so informed the Defense Department about brain-washing technologies in our hands and offered them, we have been in a state of siege. Understand that we accuse the D.D. of nothing.

Psychiatrists as far north as Seattle have said they were "out to get every Scientologist." An Internal Revenue official has used those very words before witnesses and said he was going to get to the bottom of this thing in Phoenix. People in suspicious condition were sent from one place in Southern California to be "treated by Scientology" for insanity and yet we have no interest in treating anyone, especially the insane. Now two more people go suddenly and inexplicably insane in widely different places both the same way. All manner of defamatory rumors have been scattered around about me, questioning even my sanity which is fortunately a matter of good record with the Navy as by statement "having no psychotic or neurotic symptoms whatsoever."

I have a wife and three little kids. I have a good many thousand people scattered around the world trying to help their fellow man and I am responsible for these people. I am trying to turn out some monographs on matters in my field of nuclear physics and psychology for submission to the government on the subject of alleviating some of the distress of radiation burns, a project I came east to complete. This lawless and brutal attack on Scientology now spreading evidently to three states will probably not end until a great deal of injustice and human suffering has occurred.

Would you please discover for me or for yourselves the exact names and whereabouts of the persons whose statements inflamed the County Attorney in Phoenix in arresting a half-blind old man and seizing all his books and papers. If we have those names and if we trace them back we will have someplace to start on this madness

RON HUBBARD, D.D. PH.D.

5
which now reaches into three states. Can you
do this for us? 51

I am getting additional copies of the material
which was offered to the Defense Department since
that agency has not acknowledged or returned
anything shipped to it about brain-washing and
when I have these copies I will send one to you
for this is the only starting place I know about
for this outbreak and the matter, while far from
conclusive at least tells me that something went
astray which was dangerous in the wrong hands.

Could you please have your Phoenix office
obtain the names of the people who defamed us to
the County Attorney? Your Bay Area and Richland
offices have already been apprised of the incidents
in those areas.

TECHNICAL BULLETIN OF 22 JULY 1956

I feel the urge to communicate to you the best news since 1950.

I have whipped the problems of the whole track and memory of the past and can resolve the worst cases we have ever had. That is a huge statement *but* I have solved and can untangle in an intensive the problems of the vacuum and havingness plus memory and health and have just done so. Hence the exuberance.

Also, other auditors can solve these in a case as well. NIBS has just cracked two six-year-standing Black Fives using some of this material and Herbie Parkhouse has had considerable luck with solids.

We are now capable of solving Book One style cases to the extreme level of clear.

No wild burst of enthusiasm is here intended. I have to put the finishing touches on a lot of things and the process is still slow—25 to 75 hours. But I've now done it and seen it done to worse cases than any you've had. And that's fact!

Okay. It's not simple. It requires a minute understanding of Book One. It would take me 50 pages to explain all I've lately found about vacuums. You haven't seen the last of me or of study, but you will have seen the last of unsuccessful cases providing only that we have time and environment in which to audit them.

We can make homo novis. (AND give a grin to those who kept standing around bleating, "Where are the clears?")

We know more about life now than life does—for a fact, since *it* was reaching, we can communicate about the reactions.

The process is concerned with "making it solid" combined with effects. It isn't easy. It is wonderfully complex and delicate. But it *has* been done. And it is being done.

Our cases gained but sometimes slumped. Why? Because an electronic vacuum restimulated on the track after sessions, and robbed the case's havingness.

A vacuum isn't a hole. It's a collapsed bank. Every lifetime bank is collapsed into a vacuum.

The formula is—

1. Run pc on start-change and stop for *hours* until he is under auditor's control, in session and (often) exteriorized.
2. Then run him with commands "What are you looking at?" "Good." "Make it solid."

He will eventually hit a vacuum. (He'd hit it faster on "Recall a can't have" but it's too fast.) Here's the tangle. The vacuum is a super-cold mass or an electric shock. This "drank up" bank electronically (brainwashed him). The energy drunk turned black. Hence black cases. (Does not apply only to black cases however.)

3. Run, interspersed with solids and "objective can't have" on the room, "Tell me an effect object (that drank bank) could *not* have on you," and "Tell me an effect you could have on object." Object may be electrodes or supercold plate or even a supercold glass.

4

PAGE

8

Caution, handle one vacuum at a time. These vacuums go back for 76 Trillion years. They were the original brainwash thetans did to one another, then psychiatrists (on the whole track) did expertly (modern psychiatrists are punks, modern shock too feeble to do more than restimulate old vacuums).

Take the vacuum that comes up running solids, or even "Recall a can't have", whatever it is and solve it as above.

This is delicate auditing. If you restimulate a vacuum too hard, the whole track groups on it.

Read Book One. Add vacuums instead of word groupers, use above and you'll probably get through to success. Nibs did and I had given him less than you have here. Of course, he's one of the best auditors in the business, so go easy. And Herbie Parkhouse is no slouch.

CAUTIONARY

This is true—

1. We have created the *permanent* stable clear.
2. In creating him we have a homo novis in the full sense, not just an Operating Thetan.
3. We now know more than life. An oddity indeed!
4. We now know more about psychiatry than psychiatrists. We can brainwash faster than the Russians (20 secs to total amnesia against three years to slightly confused loyalty).
5. We can undo whatever psychiatrists do, even the tougher grade from away back. We can therefore undo a brainwash in 25 to 75 hours.
6. We can create something better than that outlined and promised in Book One.

BUT

1. We need to know more and be more accurate than ever before about the time track and auditing. I have not given a thousandth of what I know about this.
2. We have a new game but also new responsibilities amongst men.
3. This data in the wrong hands before we are fully prepared could raise the Devil literally.
4. Because we know more than the Insanity Gang, we're not fighting them.
5. Because we can undo what we do, we must retain a fine moral sense, tougher by far than any of the past.
6. We can create better than in Book One now *only* if we know Book One and know our full subject.

AND WE DO NOT YET KNOW ALL THE SAFETY PRECAUTION TO BE USED.

I will be giving this data in full at the Games Congress, Shoreham Hotel, WASHINGTON, D.C., August 31st, to September 3rd, 1956.

The exact regimen of this will be SLP 8 and will include the total picture of separating valences from bodies (which must still be done by the auditor, a formula I now have).

I have given you this data in this bulletin at this time because now I know I know and I want you to share in seeing the surge of vision which will be our future.

L. RON HUBBARD

P.S. (Actually, contrary to rumor, it *hasn't* all been done before. If it had been, the guy who is saying it has would be clear!)
